Chapter 1

First chapter

1.1 First section

This document illustrates the use of BibTeX. You may want to refer to [?] or (year?) or (author?) [3]. Or you may want to cite a specific page in a reference, like this: see (author?) [3, p. 199]. Or perhaps you want to cite more than one paper by Maskin: [3]. Or you want to make a parenthetical reference to one or more articles, in which case the \citealt in the te.bst bibliography style omits the parentheses around the year ((author?) 2).
